(check if applicable)

Hereby I confirm that procedures involving experiments on human subjects are done in accord with the ethical standards of the Committee on Human Experimentation of the institution in which the experiments were done or in accord with the Helsinki Declaration. (Compliance with these guidelines as well as protocol approval by a local Institutional Review Board should be specified in the text of the manuscript.)

Hereby I confirm that procedures involving experimentation on animal subjects are done in accord with either the guide of the institution in which the experiments were done, or with the National Research Council's guide for the care and use of laboratory animals. (Compliance with these guidelines as well as protocol approval by the Institutional Animal Care and Use Committee should be specified in the text of the manuscript.)

A statement of all financial and material support for this research and any potential conflicts needs to be disclosed here, but should also be clearly identified in the acknowledgement section of the manuscript. Also state if no conflict of interest was present by writing "The authors declare no conflict of interest".

.....

This original form must be signed and dated in ink and submitted with the complete manuscript before the Publisher will agree to publish the paper. The signed document may be scanned, attached as PDF file to an e-mail message and sent to [srparhiv@bvcom.net](mailto:srparhiv@bvcom.net). The Journal will not publish any manuscript that is not accompanied by this signed form.

## Authorship

All individuals listed as authors should be qualified for authorship. Every author should have participated sufficiently in writing the article in order to take responsibility for the whole article and results presented in the text. Authorship is based only on: crucial contribution to the article conception, obtaining of results or analysis and interpretation of results; design of manuscript or its critical review of significant intellectual value; final revision of the manuscript being prepared for publication. Funding, collection of data or general supervision of the research group alone cannot justify authorship.

**The authors here enclose the description of contribution to the article:**
